Three Lives Lost by a Steamboat Calamity
in Oregon.

[Copyright, 1888, by the California Associated Press.]

ASTORIA, January 30th.—A distressing
calamity resulting in the loss of three lives
occurred near here to-day. The steamer
Gleaner, eight tons burthen, the favorite
passenger and freight boat to various logging
camps located on streams in this vicinity,
capsized near Tongue Point and sank in
two minutes. Peter Jordan, the Captain,
about 5 o'clock. When in the stream at
10:30 A. M. with seventeen passengers and
three tons of freight for Deep River, W. T.
A strong wind was blowing from the south-
west of Tongue Point. When he started
across the river a heavy swell was running.
When about a mile from the shore a swell
struck the vessel. She broached to and at
the same time the freight lifted to one side,
SENDING HER ON HER BEAM'S END.

She could not right herself, and before
anybody could get her parents in this city.
Fortunately the Gleaner had a fishing-
boat in tow. Says the Captain: "When I
saw her sinking I climbed overboard. The
passengers all came struggling in the over-
board. Several passengers Jacob Rennell,
Miss Mary Holt and Miss Hilda Wilma.
These three must have been in the little
cabin when she sank."

Jacob Rennell, of Deep River, leaves a
widow and six children.

Miss Wilma, aged fifteen, was also of
Deep River.

Miss Holt, aged twenty-six, an estimable
lady, resided with her parents in this city.

Of the almost numberless little steamers
that have plied those waters, no such sad
accident ever occurred before. The fishing
boat in tow was providential. But for it
those saved must have all been lost, so
quickly did the Gleaner go from under
them in thirty feet of water.

THE DEADLY AVALANCHE.

Great Loss of Life Reported Along the
Canadian Pacific.

[Copyright, 1888, by the California Associated Press.]

WINNIPEG, January 30th.—The latest
reports from the mountains indicate that
there has been great loss of life on the
Canadian Pacific, owing to a snow slide.
Passengers on the train from Calgary
bring meagre particulars of the disaster.
A strong Chinook wind has been prevailing
for the past week, and the falling snow
from Donald to Glacier, the snow has
been coming down on the track in train-
load quantities since Wednesday. A train-load
of passengers is said to be blocked in the
middle of the mountains, and fears are
entertained for their safety, as their supply
of provisions is not large.

A TRAIN-LOAD OF SNOWBUND PASSENGERS

Believed to be Starving.

WINNIPEG, January 30th.—No through
trains have arrived here over the Canadian
Pacific since Wednesday. A train-load of
passengers is said to be blocked in the
middle of the mountains, and fears are
entertained for their safety, as their supply
of provisions is not large.

GOOD AS GOLD.

Alleged Discovery of a Fine Vein of Coal
in Saskatchewan.

[Copyright, 1888, by the California Associated Press.]

MARYSVILLE, January 30th.—What seems
to be an important discovery of coal
has been made in the South Pass of the Marys-
ville Buttes. Enterprising men, J. J. Bruce, of
West Butte, and T. J. Kersey, of Pennington,
Believing that the natural gas is found, and
stimulated by the movement recently begun
for the development of the gas prospect on the
land of El Davis, the pair have been busy
digging for some time in the Buttes for
coal.

Their perseverance was rewarded last
Saturday by the discovery of a vein of coal
on what is known as the old Chris Keatley
claim. The vein is said to be of fine quality,
and is believed to be of considerable extent.
This discovery is likely to lead to very ac-
tive prospecting through the Buttes, and to
cause much local excitement. Specimens of
coal had previously been found in other
parts of the Buttes, but this is much the
largest vein yet discovered.

A WATER CELEBRATION.

Merced Greeted Governor Waterman with
Artillery and Music.

[Copyright, 1888, by the California Associated Press.]

MERCED, January 30th.—Governor Water-
man arrived here at 1 P. M. and was met at
the El Capitan Hotel by a large concourse
of citizens. He was greeted with an artillery
salute and music. A large number of
bands, playing "Hail to the Chief." The
town has put on its holiday robes, all the
business houses, dwellings and public
buildings being elaborately decorated with
flags, evergreens and banners with appro-
priate inscriptions. The celebration was
designed to attract attention and please the
eye. Everything points to a grand demonstra-
tion by the people by way of celebrating
the visit of the Governor. The celebration
will begin to-morrow, as the beginning of an era
of lasting prosperity in this part of the State.
The weather is warm and clear, and the wind
southerly. The grass and grain crops are
growing rapidly.

Thousand Acres.

[Copyright, 1888, by the California Associated Press.]

FLORENCE, January 30th.—The Florence
Canal Company has just completed a contract
to-day. The canal is completed for sixteen
miles, and work on the new contract com-
menced February 15th. When completed
the canal will reclaim 100,000 acres.
W. N. Randall, of San Francisco, is the
new manager.

FATAL RAILROAD ACCIDENT.

Important Convention of Protestant Mis-
sion Workers to be Held.

[Copyright, 1888, by the California Associated Press.]

CITY OF MEXICO, January 30th.—A Con-
vention of all the Protestant mission work-
ers in Mexico will begin here to-morrow.
The sessions will be attended by the Bish-
ops of various denominations who have
arrived from the United States. This is the
first meeting of the kind ever held here.
The sessions will take place in an ancient
Franciscan convent, which is now used for
missionary purposes.

The Women Neglect to Arrive Themselves

[Copyright, 1888, by the California Associated Press.]

VANCOUVER, January 30th.—In the elec-
tion for Justice of the Peace to-day, under
the new suffrage law, the ladies did not
turn out well. There were 278 votes polled,
65 women voting against a full vote of 304
and 215 (the women voting) in 1886. The
election will be contested.

THE WEATHER.

TWO DECISIONS.

The United States Supreme Court Settles
Two Mooted Questions.

[Copyright, 1888, by the California Associated Press.]

WASHINGTON, January 30th.—The Su-
preme Court to-day reversed the decision
of the lower Court in the case of George F.
Hall vs. The Western Union Telegraph
Company. Hall wired his brokers at Geor-
gia, Fla., to buy 10,000 barrels of petro-
leum. The brokers failed to do so, and the
company refused to deliver. The next
morning petroleum advanced in price, and
Hall claimed that by reason of the delay in
the delivery of the message promptly he
lost \$1,000. The Court held that Hall suf-
fered no actual loss, as there was no trans-
action in fact made, and there being neither
a purchase nor a sale there was no actual
loss. The case was remanded with direc-
tions to enter judgment for the defendant.
Justice Matthews delivered the opinion.

A QUESTION OF STATE'S RIGHTS.

A decision was also rendered by the
Court to-day in the case of Joseph J.
Smith vs. The State of Utah. The case
presents another phase of the question of
the State's rights. Smith was a locomotive
engineer in the employ of the Utah Pacific
locomotive which regularly hauled trains
into and out of the State of Alabama. He
was injured while on duty, and his family
sought compensation from the State. The
case was remanded with directions to
enter judgment for the plaintiff. Justice
Matthews delivered the opinion.

WASHINGTON, January 30th.—The
Speaker prodded, last before the House,
the Public Printer makes the state-
ment in regard to the discharges made
and explaining them. He defends the
administration of his office, and emphati-
cally declares that the House of Repre-
sentatives is the only body that has the
power to regulate commerce among the
States. For these reasons, the Court holds,
that the discharge of the Public Printer
is a valid law. The judgment of the
Supreme Court of Alabama is affirmed.

A RUSSIAN SENSATION.

An Army Officer Confesses He Had Contracted to Kill the Czar.

LONDON, January 30th.—The St. James Gazette says that it has authentic evidence from St. Petersburg that an army officer, who has been shot in the region of the heart, was taken to a hospital, where the doctors declared that he was dying. The officer, however, admitted that he had shot himself in order to avoid the necessity of shooting the Czar. He said he was a member of a secret society which had been organized to assassinate the Czar, and the choice had fallen upon him.

Several persons in the hospital who overheard a part of the confession were immediately arrested. A full confession of the other was taken in writing by the authorities.

SHIPPING FRUIT EAST.

An Effort to Obtain Lower Rates From the Southern Railway.

A delegation from committees appointed by the Fruit Union, State Horticultural Society and State Board of Trade met in conference today at Fourth and Townsend streets with General Manager Towne of the Southern Railway. There were present R. B. Blowers, of Woodland, for the Fruit Union; James Better, of Riverside, for the Horticultural Society, and General Manager Towne of the State Board of Trade. For the railroad company, besides Mr. Towne, were present Assistant Freight Agent Sprout and General Superintendent Fillmore. The conference was in reference to rates on fruit shipments East. The visitors came to ask that the coming season important reductions in existing railroad rates to Eastern points be made.

Mr. Blowers presented the chief arguments favoring a reduction, reciting details of the good work done by the Union last season, and giving assurance of more shipments this year than ever before. The desire for a through rate at \$4.00 a car from San Francisco to New York was expressed. It is desired also that smaller trains than the present season be taken on the route.

Mr. Better related some facts regarding fruit shipments in the South, and mentioned rates given and proposed by the Santa Fe system.

Mr. Brown announced himself as somewhat of a novice in tariff matters, but said he represented a body of fruit growers for the State, and he felt confident that the company would do all it could for California.

Mr. Towne promised earnest consideration of the desires expressed, agreeing to confer with officials of the Southern Railway connections East. The rate last year was as low as the fruit could be handled, and the present season the rate was as low as any road granted. He promised the best efforts of the company for the State, saying that the managers were satisfied that California interest of the State was those of the railroad, and that only by mutual concession and mutual action may California prosper as they would all have it prosper.

The committee would be informed of any reduction reached after conference with connecting railroad lines.—S. F. Bulletin.
